**APPOINTMENT OF A SERVICE PROVIDER FOR REHABILITATION
(BACKFILLING/LEVELLING) AT AEMFC FOR A PERIOD OF 36 MONTHS.**

Bid Number: AE/VLAK001/2023

Compulsory briefing session: 15 June 2023, Time: 11h00

Bid closing date: 27 June 2023, Time: 12h00

Questions from the bidders	Answers
1. Are the haul distances in the "BOQ ANNEXURE C2" one way or return distances?	It is one way.
2. Do we load from dumps and tip into the pit from the top of the pit?	The general concept will be loading from dumps, tipping/dozing from various elevations.
3. Are the haul roads already constructed?	No
4. Is there a rehabilitation plan showing contours	Yes
5. Who is responsible for laying out and staking the contours	The contractor will do the Survey and Vlakfontein Mine will do verification. See page 14 – 16.4 (f) on the RFP
6. Who is responsible for seeding and the costs thereof	The current scope excludes seeding.
7. Are there any areas that are close to doze instead of load and haul, if so how BCM and how far to doze	Yes, there are areas that are close to doze however please the BOQ which contains the volume and distances for load and haul pricing.
