

Request for Quotation Document (RFQ)

RFQ Description:	Request for quotations for the appointment of a Service Provider for Desilting of Pollution Control Dam at Vlakfontein mine
RFQ No:	6000006473
Closing Date:	18/11/2021

1. KEY DATES AND ACTIVITIES

The table below lists certain key dates and activities relevant from time of publishing of the RFQ up until the closing date for questions:

No	Description	Start Date/ Time
1.	RFQ is published	05/11/2021
3.	Bidders to submit written questions relating to RFQ by	05/11/2021
4.	Response to questions	17/11/2021

2. BACKGROUND

African Exploration Mining and Finance Corporation (SOC) Ltd ("**AEMFC**") is a South African State-Owned Entity, incorporated on the 26th of October 1944 as a private limited liability company in terms of the Companies Act 26 of 1926 (Reg No: UC/18018). AEMFC was established to secure South Africa's energy supply primarily through the mining and supply of coal for the generation of electricity, as well as securing other resources that will provide energy for the future, including key minerals for beneficiation in the energy and steel value chain.

Vlakfontein mine has a pollution control dam (PCD) lined with an HDPE liner. The dam is heavily silted, and this has affected its carrying capacity. The silt needs to be cleaned to increase the capacity of the dam as part of the readiness for the rainy season. Therefore, eligible service providers with experience are required to assist the mine with desilting of a PCD without damaging the HDPE liner.

3. SCOPE OF WORK (SOW)

The service provider is required for the desilting of the Pollution Control Dam at the mine as outlined below.

a. Removal of silt using an auger dredger for one lined Pollution Control Dam

- The capacity of the dam is 6000m³

- Desilting must also include the cleaning of a silt trap
- The equipment to be used for desilting will be inspected to check if it is suitable for the task.
- **The 90 KVA diesel generator is required for the desilting process.**
- Damage to the HDPE liner must be avoided, if it is to happen, the service provider will have to pay for the damage

b. Duration

- The service provider must be able to complete the task within 3 weeks
- The work must commence between 07h30 and 17h00 Monday to Friday

c. Organisation Structure

- The workforce must be medically fit and attend the mine's induction at the service provider's cost
- Safety file must be prepared and submitted to the mine

d. PPE

- The service provider must provide PPE to its employees
- The service provider must also equip all personnel with covid-19

NB: A Site briefing session is compulsory for this project and please bring along the PPE

4. SUBMISSION

Quotations must be emailed to quotations@aemfc.co.za. Suppliers are requested to submit the following documents:

- **Central Supplier Database (CSD) report**

5. EVALUATION CRITERIA: BEE & PRICE

5.1 THE PRICE QUOTATION

- Quotation to be in Rands.
- Price quoted must include **VAT (If applicable)**.
- The price must be in accordance with the BOQ below
- Bids will be valid for 60 days.
- Quotation to be submitted in the Company's letter head.

Table 1: Bill of Quantities

Items	Quantities		Total
1. Desilting of a PCD and silt trap			
			Total
			Vat incl.
			Grand total

5.2 B-BBEE

Price Quotations will be evaluated in accordance with the Preferential Procurement Policy Framework Act (PPPFA), using the 80/20 preference point system, where 80 points will be for price and the remaining 20 will be for B-BBEE Status of Level of contribution.

B-BBEE Status Level of Contribution	Number of Points (80/20)
1	20
